.....  
Good afternoon, Paula. Thank you for your email. Jessica will be in touch with Richard regarding the draft AOC/RO very soon, and I hope to get some engineering design to you in the next few weeks. You are correct that it is late in the year and will be difficult to get all the players in the same place at the same time. Our admin. person will be in touch shortly to arrange a meeting sometime in early January. We will hit the ground running in 2015!

Lisa – Richard sent these documents to the city in early October and we haven't heard anything from the City on when you wish to meet to discuss them. As we get closer to the holidays around here, more staff are out of the office using up their annual leave before the end of the year. Please let us know when the City would like to meet. Thank you.

Paula Schmittziel
